7th Annual Boondoggle Classroom Instructors

RELIABLE FIRE LITHIUM ION CLASS - Brandon Telford

Brandon Telford has been with Reliable since 2015 and has over twenty-seven years of fire protection industry experience. Brandon started his career working in fire protection contracting for nine years in the Mid-Atlantic region, followed by three years working on Department of State and Department of Defense projects in Albania and Qatar. Before joining Reliable, he worked six years as a sales territory manager for a fire protection products manufacturer. Brandon holds associate's in applied science degrees in both Fire Protection Engineering Technology and Safety Management from Delaware Technical Community College. He is a Certified Fire Protection Specialist (CFPS) through NFPA and has achieved NICET certification as a Level III Certified Engineering Technician (CET) in automatic sprinkler system layout. Brandon currently sits on the AFSA Technical Advisory Council, NFSA Engineering and Standards, UL/FM/ISO Technical Advisory Group, NFPA 13, 13R, 13D, and 15, technical committees.

VICTAULIC PRV- Jonathan C Carl

Johnathan Carl, CET, Victaulic. Johnathan Carl is a Senior Fire Protection Application Specialist at Victaulic. Johnathan holds multiple NICET certifications and multiple NFPA certifications. Johnathan 25+ years in the Fire Protection Industry as a Journeyman Sprinklerfitter, Project Manager, and lead Service/ Inspector.

Johnathan has served as a Captain for the South Whitehall Fire Department Engine 32 for 20 years and has also served as the AHJ for the Flakeboard/ Arauco plant in Moncure, North Carolina.

Johnathan currently serves on NFPA 14,24,291 and 420 as a principal committee member, a former NFPA 13 alternate member. Johnathan services the NFSA/ NFPA 25 task force committee. Johnathan has delivered multiple Fire Protection seminars and training throughout the United States, South America, and Canada. Johnathan is a member of NFPA, NFSA, ASCET, NICET and AFSA.

Viking Corporation Business Development Manager Special Hazards - Doug Meyers

Doug has been in the fire industry for 33 years and is currently the Viking Corporation's Business Development Manager for Special Hazards. Doug has been with Minimax/Viking team for 12 years. Doug has years of experience in estimating, design, installation, testing & service of fire alarm and special hazard suppression systems. Doug graduated from CSU Sacramento with a BS in Business Administration. He is active with NICET and holds Fire Protection Engineering Technology Certifications in both Fire Alarm Systems and Special Hazard Suppression Systems. Currently, Doug is on the Fire Suppression System Association (FSSA) Technical Committee and involved in a variety of the FSSA's special task groups. Doug is a member of NFPA and has just been selected as an alternate for Viking on NFPA 140 Standard on Motion Picture and Television Production Studio Soundstages, Approved Production Facilities, and Production Locations.

National Fire Sprinkler Association (NFSA) - Chase Browning

Chase Browning is the National Training Manager for the National Fire Sprinkler Association (NFSA), where he oversees the in-person training deliveries around the country and assists with codes and standards development. Prior to joining the NFSA, Chase served as the Fire Marshal for the City of Medford, Oregon, where he managed a progressive Fire & Life Safety Division. Chase also has prior experience as a sprinkler contractor, and has served on a variety of technical committees, including the International Fire Code Interpretation Committee, NFPA 13, 13D, 13R, 25, 200 and more.

With a lifelong passion for fire protection, Chase brings a unique balance of hands-on experience in the industry, and jurisdictional experience as a code official. Chase has a passion for teaching, with experience developing content and instructing a wide range of audiences on a variety of fire-protection and code-related topics.

FIRE PUMP INSPECTIONS CLASS – Multiple Experts

Alex Hall is an Account Manager at Total Pumps Solutions (TPS) covering the North Texas and Oklahoma territories, specializing in tank repair services, tanks, fire pumps, skidded systems, and pump houses. Alex has been with TPS 7 years.

Juan Gomez is a Senior Field Tech at Total Pump Solutions specializing in Fire Pump commissioning, field testing, service and repair, tech support, packaged fire systems, Cummins, Clarke Diesel Fire pump Startup technician. Juan has been with TPS 5 years.

Cole Rigney is the National Sales Manager for Tornatech. He works closely with the fire pump manufacturers and their reps throughout the country as well as consulting engineers and the Tornatech authorized field service providers. Cole has been with the company for 11 years attending trade shows and other industry events educating on fire pump control panels.

Marvin Yoder has 44 years' experience in pumping industry. Currently President and Co-Owner of PREMIERflow. Previously President and Co-Owner of TIGERFLOW. Marvin has authored numerous articles in Plumbing Engineer, Fire Protection Contractor, Pump and Systems, Correctional Building News, and PM Engineering Magazines. "Lead by example grounded in integrity and trust". Bachelor's degree from the University of South Florida, Marvin is a full member on the NFPA 20 Technical Committee on Fire Pumps.
